

Via North Campus Drive

- Turn Right on to Mario Capecchi Drive
- Just past the Moran Eye Center is the State Health Department. When you reach the Health Department, turn left. You should be at a 3-way intersection.
- Turn Right onto Medical Drive South, which is just at the base of Pharmacy building.
- Medical Drive South wraps around the Pharmacy building, and you should find yourself facing the corner of the Research Administration building.
- Take a right onto 2000 East.
- Follow this road, though it may seem to be a dead end. The road will curve left.
- After the road curves, you will see a parking lot on your right side. This is the closest lot to our office.
